

Richmondshire Local Plan 2012-2028

Core Strategy Sustainability Appraisal Note

The Richmondshire Local Plan 2012-2028 Core Strategy Sustainability Appraisal comprises of:

[Richmondshire Submission Local Plan Core Strategy Sustainability Appraisal \(June 2012\)](#) (SD002)

An addendum has been made to this via a further sustainability appraisal of the scale and distribution of development within Spatial Principle 4: Scale & Distribution of Housing Development. This was completed as part of a reassessment of the proposed housing target in light of the publication of the interim mid-2011 population projections and the proposed reduction in the provision of military service families' accommodation following the release of the Army Basing Plan (2013). This addendum is contained within the:

[Richmondshire Local Plan Core Strategy Development Target Review Part 3 & Annex 2 \(August 2013\)](#) (PSD001)

As a result of minor modifications proposed and recommended by the planning inspector in the examination of the Local Plan 2012-2028 Core Strategy the following policies referred to in the Submission Local Plan Core Strategy Sustainability Appraisal (June 2012) have been renumbered as follows:

Core Policy CP0 Planning Positively to Core Policy CP1 Planning Positively

Core Policy CP1 Responding to Climate Change to Core Policy CP2 Responding to Climate Change

Core Policy CP2 Achieving Sustainable Development to Core Policy CP3 Achieving Sustainable Development

Core Policy CP3 Supporting the Settlement Hierarchy combined with Core Policy CP4 Supporting Sites for Development and named CP4 Supporting Sites for Development.
