Subject: Core Strategy Examination

Dear Emma

Further to our conversation earlier this afternoon, I am writing to confirm that the Council wishes to delay the examination hearings until February 2014.

Following a bereavement within the family of one of the senior members of the team we regret that we will not have the capacity to meet the deadlines set by the Inspector. Therefore, rather than struggle to submit responses to the Inspectors questions which, in our opinion would be prepared merely to meet a deadline rather than for accuracy, we feel a short delay would provide the best opportunity to respond to the best of the Councils ability.

We apologise if this will cause the Inspector any inconvenience but hope he can understand the unfortunate position of our small policy team.

With regards

Mark Robson
